September 1, 2018

## What is TeenHacks?

TeenHacks is a student-run civic hackathon primarily aimed at high school students in the Bay Area. Approximately 100-200 of the Peninsula's most innovative high school students will gather to use computer science and technology to create novel products and solutions for today's challenges. TeenHacks will offer attendees an inclusive, diverse environment to share unique ideas and make them realities. Last year, we were able to host over a hundred students with the support of over thirty sponsors. This year, we hope to reach out to even more students and reach an even gender ratio! All funds raised at TeenHacks will be donated to Shooting Stars Foundation an organization that raises money for scholarship for education in third world countries

## Why sponsor us?

Teen Hacks will gather the most creative and promising young hackers that will shape our future. By sponsoring Teen Hacks your company will be able to connect with tomorrow's programmers and entrepreneurs—finding possible interns. Additionally, the resources you provide—such as APIs, prizes and mentors—will have a lasting impact on these developers.

## Where will your money go?

All of the funds will be dedicated to providing the best hacker experience at TeenHacks. ShootingStarsFoundation, a 501(c)(3) nonprofit organization situated in Fremont, is our fiscal sponsor. All donations to Teen Hacks are tax-deductible.

- Send mentors to guide and teach the students
- Sponsor a meal, snacks, or drinks for the hackers
- Support students with resources to use (i.e. APIs and hardware)

If you have any other ideas, questions, or concerns, please do not hesitate to contact us at [teentechhacks@gmail.com](mailto:teentechhacks@gmail.com).

## Sponsorship Tiers

	Pearl \$1k+	Gold \$2k+	Emerald \$3k+	Diamond \$5k+
